اللفيف المقرون

Lafeef Maqroon has two types:

Wherein the weak letters are the 1^{st} and 2^{nd} original letters, as in 'يَو م' or 'يَو بِل'. This type is only found in nouns.

Wherein the weak letters are the 2^{nd} and 3^{rd} original letters, as in 'لُوَى'.

Lafeef Maqroon only accepts the rules that can be applied to Naaqis (not Ajwaf).

Chapter Four

(الفعل الثلاثي المزيد فيه) The Three Letter Derivative Verb

Derivative verbs are derived from the primary verbs by including additional letters in their construction. Like the primary verb, the derivative has its own *Masdar*. The additional letters appear in the pattern in the same manner that they appear in the word. الفعال \rightarrow الأرام original letters: λ_{c} The *masdars* of the derivative *kalimah* are all constructed according to specific rules (قياسيّ) as opposed to being known according to usage (قياسيّ).
