Topic: The Qur'an as a Miracle

The enemies of the prophet tried to turn the common people away from the Qur'an, so they accused "Muhammad" (PBUH&HP) of being a magician and this was itself a proof of the extra-ordinary attraction of the Holy Quran.

The Qur'an is a miracle in many aspects such as:

1. Eloquence.
2. Containing the highest meaningful content.
3. Scientific facts i.e., uncovering some issues unknown during that age.
4. Prediction of some future events.
5. Lack of contradiction and distortion.
