## Lesson 8

### Purification

#### Purification

- ✚ Except the *Khawarij* and *Ghulat*, all communities of Muslims have pure bodies and *su'r*.
- ✚ The *su'r of jallal* (animals that eat man's excrement) and the animals that eat carrion –if their mouth is devoid of *najasah*-, is **disliked**.

- ✚ The *su'r of jallal* (animals that eat man's excrement), animals that eat carrion –if their mouth is devoid of *najasah*-, and a menstruated woman who is not trusted, is **disliked**.

- ✚ Also, the *su'r* of mules, donkeys, rats, snakes and those in which scorpion or lizard is dead, is disliked.

- ✚ Water becomes *najis* with the death of an animal that has gushing blood.

- ✚ The blood, which is invisible to the eyes, does not make the water *najis*, and some say the opposite, which is more precautionary.
