Sometimes the 'المبتدأ الوصفي' comes without being preceded by an interrogative or negative particle, as in:

- «فائزٌ اولوا الرشد»
- «فخيرٌ نحن عند الناس منكم...»

If the first and the second word match in duality or plurality, then the second (the noun) would be the 'مبتدأ' (for if it was the 'فاعل', the 'صفة' must have been singular).

Example: أقاءمان الزيدان
