- Modern Scientists are finding evidence that clay is the source of all life on earth.

“He is a mixture of clays of different colors, cohesive materials, divergent contradictories and differing properties like heat, cold, softness and hardness, grief and joy.”

Creation of Human and Evolutionism

- The majority of Muslim scholars are against evolutionism in humans, based on religious sources.
- Some Sunni scholars believe that the children of Adam (A) did a sort of incest, but this is firmly rejected by Ahl al-Bait (A).
- According to some narrations from Ahl al-Bait (A), Eve gave birth to *Shith* and then *Yafeth*, then Allah created two females for *Shith* and *Yafeth* to marry, and then their children (cousins) married each other.
