

## Lesson 5 Applicability and Universality of Quran

### Doubt:

Some may say that the Prophet ﷺ was only for the Arab, as Quran itself says 'every group (*qawm*) has a guide' (Ra'd:7).

### Answers:

1. What this verse implies is that every nation is brought the miracle which is compatible to them and they cannot expect the Prophet ﷺ to show them every and each miracle they ask for.

2. The word 'qawm' does not imply any specific ethnicity, race, etc., rather it includes all as the other verses indicate; therefore, the word almost means the nation ('أمة').

3. Sending letters to the other regions by the Holy Prophet ﷺ to invite them to Islam.

4. The companions of the Holy Prophet ﷺ being from different races.
