

Lesson 9 Quran: The Word of God 2

There are indicators that Quran is the word of God (not the Holy Prophet's):

1. The correct prophecies in Quran

- The Prophet ﷺ did not have any contact with seers/predictors.
- The Prophet ﷺ did not look for any benefit from the predictions (such as the victory of Rome over Iran and Muslims over the infidels in *Badr*).

2. Quran contains names and facts which belonged to people of many centuries ago.

There are three prophecies in the verse:

1. The roman empire will conquer over Persia.
2. It will happen in less than ten years.
3. The battle of Badr and the conquer of roman empire coincide.

- Magicians' predictions were for taking money and appreciation but the prophecies of the Prophet Mohammad were to prove that the Quran is the word of God and a miracle.
