

## Lesson 12 The Evidences of Distortion:

### 1. The narrations that are narrated by Sunni scholars ...

- Some Sunni scholars claim that these narrations are abrogated in both their words and injunctions. However, this justification does not make sense from many aspects. These narrations are rather fabricated.
- These are narrated by single narratives but the verses of Quran are *Mutawatir* i.e., narrated unanimously.
- There is a consensus among the Shi'a and Sunni scholars that the abrogation of both injunction and words has not happened in Quran.
