

L 8

Topic: **Discussion and Argumentation**

- The student should do discussion and argumentation
- ... that argumentation should be with fairness, calmness and deliberation
 - ...and avoid mutiny, sedition and furiousness
 - ... because it's like consultation to derive truth out
- The benefit of discussion is much more than repetition.
- ...avoid discussing with someone who is opinionated and abnormal because the temper is very impressionable and morals are so transitive and contagious.
