

Lesson 7 Inimitability (إعجاز) of Quran

Inimitability (إعجاز) of Quran

There are indicators that Quran is the word of God (and a miracle):

1. The excellence and coherence of Quran in its verses and messages
 2. Supernatural Eloquence and Rhetoric of Quran (which all eloquent Arabs admitted cannot be of a human)
 3. Quran was revealed in 23 years and yet there is no difference in the quality of its characteristics (unlike the works of humans).
 4. As Quran puts it, prophet Mohammad ﷺ lived forty years among people before becoming a prophet. If he was a liar or if he could compose such a great book, people would have seen some of it in him.
 5. Quran challenges all people to bring some text like Quran if they can! (And no one has been able to do so.)
 6. Quran does not get outdated by time or repetition.
- The high spirituality of Quran, which penetrates deep into the human's soul
