Lesson 89

Time Adverb as a 'خير'

ولا يكون اسمُ زمانٍ خيراً
عن جُثَّةٍ، وإن يُفدَ فأخيراً

*The 'time adverb' cannot be 'خير'
to a concrete noun except when there is a benefit*

Example:

The crescent is tonight

The dates are the two months of *Rabi'*

«الهِلالُ اللَّيْلَةُ»

«الرَّطْبُ شَهْرَي ربيعٍ»

Some believe that it is absolutely impermissible to bring a time adverb as a 'خير' to a concrete noun. Therefore, those which look like that, must be interpreted otherwise.
